

# Tordondo Little Leaguers Elect Board of Directors

Tordondo Little League elected its new board to guide activities for the coming season. The board then elected board members to comprise its Board of Officers. Officers are Fred Jackson, president; Pete Peterson, vice president; Stu Marshall, treasurer; Ruay Carter, secretary, and Mar-

Heath, players agent. The women's auxiliary elected Frill Fischer, president; Pat Smith, first vice president; Nancy Ann Nance, second vice president; Evelyn Hamblen, treasurer; Ava Keene, secretary; and Marge Bergeron, hospitality.

Jackman, Torrance police officer, has been a coach, manager, umpire and board member.

## Manager Named Vice-Chairman Of Fund Drive

J. P. (Jack) Cunningham, general manager of the Synthetic Rubber division of Shell Chemical Co., Torrance, has been named vice chairman of the major commerce and industry division of the 1963 Red Cross fund campaign.

His appointment was made this week by H. Vinson Grice, senior vice president of United California Bank, who is general chairman of the March fund campaign for the Los Angeles Red Cross chapter.

Cunningham, who resides at 2915 Via La Selva, Palos Verdes Estates, is a long-time Red Cross volunteer and supporter. He is currently serving as chairman of the Palos Verdes Red Cross branch.

## Armed Services

(Continued from Page One) locations, and a general spirit of concern but approval was noted everywhere.

Here are the comments of some officials, who were asked their opinion of the President's action in blockading Cuba:

BERT LYNN, member of the school board: "I'm delighted that the action finally came. I still don't think it's too late, but we certainly waited as long as possible. I would not want to have been in any president's position having to make such a gigantic decision. I respect the man for having the courage of his convictions."

KENNETH HAHN, county supervisor: "Yesterday was a day of history. The president has called the Soviet Union's bluff, and we can all expect grave times from now on out. After the first Russian ship is stopped by an American warship, I am sure Russia will begin escorting its merchant vessels with warships of its own."

"Then there will be serious conflict."

"The apathy of the past must be erased by the American people, and we should gear for all possible results of the President's bold and forthright stand. I fully support him in his action."

WADE PEEBLES, city manager: "I admire President Kennedy for his stand 100 per cent. We should have done this several years ago. I don't think we will have all-out nuclear war because, even in World War II, both sides did not use gas because of the serious consequences. The same applies now."

MERVYN PORTER, assistant chief of police: "This action should have taken place months ago. The big test, I feel, will not come from Russia, but from England, which is shipping a great deal of cargo to Cuba."

DR. ALBERT POSNER, school district assistant superintendent of education: "President Kennedy has seen his duty, and is doing it. He has taken the only logical and reasonable course available to him."

## Monteverde Opening Set

MonteVerde, newest homesite development on the Palos Verdes Peninsula, will have its official opening this weekend.

Overlooking the million dollar Los Verdes 18 hole Golf Course, MonteVerde will offer 74 ocean view homesites in its first unit.

All utilities will be underground (including television), preserving the sweeping panoramic view that stretches from Catalina to the Malibu Coast.

Distinctive residential street lighting has been selected which will enhance the beauty of the graceful winding streets. Perhaps most importantly, an architectural controls committee has been formed, which will protect every investment.

Headed by architect Jack Gray, long time Peninsula resident, the committee will enforce building requirements which will enhance the beauty of MonteVerde.

Completely improved homesites at MonteVerde average 15,000 square feet and are priced from \$15,000.

## Playgrounds Will Be Opened Late

TORRANCE — City playgrounds will open late Saturdays, Oct. 27 and Nov. 3, to allow recreation leaders time for workshop sessions.

Announcement came this week from Harry B. Van Bellehem, director of Torrance Recreation Department. Van Bellehem said the play areas will open both days at 10:15 a.m. Parks ordinarily open at 9 a.m. and school playground at 10.
